PETITION FOR CORRECTED FILING RECEIPT

Sir:

Pursuant to 37 C.F.R. § 1.10(c), Applicants hereby petition for correction of the filing date accorded to the above-identified patent application. Enclosed is a marked-up copy of a Filing Receipt issued by the U.S. Patent and Trademark Office in connection with this application. Also enclosed is a copy of the "Express Mail" mailing label for this application and copies of each document in connection with this application on which the number of the "Express Mail" mailing label was placed (i.e., the postcard, the first page of the Transmittal Letter, the Nonpublication Request, the first page of the specification, the first page of the unexecuted Declaration, and the first sheet

of the drawings). Also enclosed is a check in the amount of \$130.00 in payment of the fee set forth in 37 C.F.R. § 1.17(h).

As shown in red ink on the enclosed marked-up copy of the Filing Receipt, this application has been incorrectly accorded a filing date of "October 11, 2001." As shown on the enclosed copy of the "Express Mail" mailing label, the United States Postal Service stamped a date of deposit of "October 9, 2001" on the reverse side of the mailing label. The enclosed copies of various application papers show that the number of the "Express Mail" mailing label was placed on each piece of correspondence prior to the original mailing of this application.

In accordance with 37 C.F.R. § 1.10(c), Applicants petition that the U.S. Patent and Trademark Office issue a corrected Filing Receipt in which the filing date of "October 9, 2001" is accorded to this application.

The Director is hereby authorized to charge any additional fee that may be due, or to credit overpayment

of same, to Deposit Account No. 06-1075. A duplicate copy of this Petition is enclosed herewith.

Respectfully submitted,

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

**Service Guarantee:** Express Mail International mailings are not covered by this service agreement. Military shipments delayed due to Customs inspections are also excluded. If the shipment is mailed at a designated USPS Express Mail facility on or before the specified deposit time for overnight delivery to the addressee, delivery to the addressee or agent will be attempted before the guaranteed time the next delivery day. Signature of the addressee, addressee's agent, or delivery employee is required upon delivery. If a delivery attempt is not made by the guaranteed time and the mailer files a claim for a refund, the USPS will refund the postage, unless: 1) the shipment was delayed by strike or work stoppage; or 2) the delivery was attempted but could not be made, or the article was available for pickup at destination; 2) this shipment was delayed by strike or work stoppage; or 3) detention was made for a law enforcement purpose.

A notice is left for the addressee when an item cannot be delivered on a first attempt. If the item cannot be delivered on the second attempt and is not claimed by the addressee within five days of the second attempt, it will be returned to sender at no additional postage.

Please consult your local Express Mail directory for noon and 3:00 p.m. delivery areas and for information on International and Military Express Mail services. See the Domestic Mail Manual for details.

**Insurance Coverage:** Insurance is provided only in accordance with postal regulations in the Domestic Mail Manual (DMM) and, for international shipments, the International Mail Manual (IMM). The DMM and IMM set forth the specific types of losses that are covered, the limitations on coverage, terms of insurance, conditions of payment, and adjudication procedures. Copies of the DMM and IMM are available for inspection at any post office. If copies are not available and information on Express Mail insurance is requested, please contact postmaster prior to mailing. The DMM and the IMM consist of federal regulations, and USPS personnel are NOT authorized to change or waive these regulations or grant exceptions. Limitations prescribed in the DMM and IMM provide, in part, that:

- The contents of Express Mail shipments defined by postal regulations as merchandise as merchandise are insured against loss, damage, or rifling. Coverage up to \$500 per shipment is included at no additional charge. Additional merchandise insurance up to \$5,000 per shipment may be purchased for an additional fee; however, additional insurance is void if waiver of the addressee's signature is requested.
- Coverage extends to the actual value of the contents at the time of mailing or the cost of repairs, not to exceed the limit fixed for the insurance coverage obtained. Items defined by postal regulations as "negotiable items" (items that can be converted to cash without resort to forgery), currency, or bullion are insured up to a maximum of \$15 per shipment.
- For International Express Mail shipments, insurance coverage may vary by country and may not be available to some countries. There is no indemnity for items containing coins, banknotes, currency notes (paper money), securities of any kind payable to the bearer, traveler's checks, platinum, gold, and silver (manufactured or not), precious stones, jewelry, and other valuable or prohibited articles.
- Items defined by Postal indemnity regulations as nonnegotiable documents are insured against loss, damage, or rifling up to \$500 per shipment for document reconstruction, subject to additional limitations for multiple pieces lost or damaged in a single catastrophic occurrence. Document reconstruction insurance provides reimbursement for the reasonable costs incurred in reconstructing duplicates of negotiable documents mailed. Document reconstruction insurance coverage above \$500 per shipment is NOT available, and attempts to purchase additional document insurance are void.
- No coverage is provided for consequential losses due to loss, damage, or delay of Express Mail, or for concealed damage, spoils of perishable items, and articles improperly packaged or too fragile to withstand normal handling in the mail.

**COVERAGE, TERMS, AND LIMITATIONS ARE SUBJECT TO CHANGE. Please Consult Domestic Mail Manual and International Mail Manual for additional limitations and terms of coverage.**

1. All claims for delay, loss, damage, or rifling must be made within 90 days of the date of mailing; for international, call 1-800-222-1811.
2. Claim forms may be obtained and filed at any post office.
3. To file a claim for damage, the article, container, and packaging must be presented to the USPS for inspection. To file a claim for loss of contents, the article and packaging must be presented to the USPS for inspection. **PLEASE DO NOT REMAIL.**

**THANK YOU FOR CHOOSING EXPRESS MAIL.**

Background of the Invention

[0002] This invention relates to on-demand media in an interactive television application, and more particularly, to systems and methods for managing the distribution of on-demand media in an interactive television application.

[0003] On-demand media, such as audio selections, video selections, electronic publications, electronic games, and software applications, are available to a user upon request. On-demand media is often requested for immediate distribution to the user's home equipment. The distribution of the on-demand media occurs at a certain bandwidth associated with the media. However, if the user's request for on-demand media requires more bandwidth than is currently available, the user's request can be rejected.
